RE: Textbook Rental and Fees

The schools have submitted their recommendation for Textbook Rental & Fees for 2018-2019 that is listed in the last column of the chart below and is found in the accompanying documents. The chart also provides a comparison of charges over the past few years.

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018	2018-2019

High School	According to Class Schedule					

* Add a \$75 Technology Fee for high school grades in 2014

* Add a \$75 Technology Fee for middle and high school grades in 2015

* Add a \$75 Technology Fee for grades 4 and 5 in 2016

* Add a \$75 Technology Fee for grade 3 in 2017

¹ Those students in honors classes will have a higher rental cost

The middle school is showing the biggest increases (6th - \$27, 7th - \$23, 8th - \$19). Science is moving the "frog dissection" from 8th grade to 6th grade and thus the fees moved accordingly. New textbooks for Industrial Technology increased the rental for those classes by \$4.00. In addition, the middle school is asking to assess a \$9.29 fee for the IXL subscription based learning site. IXL provides unlimited practice in more than 7000 topics, covering math, language arts, science, and social studies. Interactive questions, awards, and certificates keep kids motivated as they master skills.

MEMO

The elementary school has been pursuing options for continuing the IXL program at the elementary level as well. There have been grants sought without success. Previously, Title I funding help to offset some of this cost. Those funds have dwindled to the point that they are no longer available. They have looked for other sources of funding without much success.

IXL is a supplemental program that is recommended by the TCSC staff K-8. It is also being used by the Special Ed Department at the high school. We will be proposing a fee be assessed K-8 for the use of this program. While each building has received an individual quote on this program, we are currently negotiating a fee for the K-8 program. A presentation will be made at Tuesday's meeting to further explain what the IXL Program is and its usefulness to the K-8 instructional program.

With the above recommended fees, Grades 6-8 includes a \$9.29 fee for IXL. Grades K-5 does not include this fee. We will provide you with an update on the recommended fee on Tuesday.
