RE: Extension of Administrative Contracts

Last year, administrative contracts for administrators were extended, or rolled over through next school year – 2019-2020. I am recommending that all administrative contracts be extended an additional year. I feel that our administrators are dedicated, hardworking individuals that devote many hours in providing services to our students, staff, and community. Any newly hired administrators are automatically given a two-year contract. (Kikta and Dicken).

Recommended salary increases for administrators are being acted on like other certified staff members now that the school letter grade has been announced and other employee pay increases have been determined.
