

Technology Board Update
January 14, 2020
Steven Gingerich

- Projector installation for Middle School began on January 13th. Work is being conducted in evenings until completed.
- Network upgrades are continuing after what was completed over Christmas Break
- Worked with TCSC Treasurer to better streamline billing processes. This includes:
 - Creating digital versions of internal forms.
 - This should help increase responsiveness for student device repairs as well as reduction in repair time.
 - Consolidation of software platforms used for accounting.
