

Kitchen Update March 4th 2020

Kitchen Staffing

- We have been working with Kevin to resolve staff concerns that WillSub may need to utilize less “new-age” marketing techniques for our specific general employee demographic.
- We have 5 staff pending the WillSub process (4 of which came almost immediately upon utilizing the school digital signs along the main road)

Equipment

- We are preparing to migrate product from the HS freezer to our newly installed freezer so that the final freezer upgrade can be completed over the March break
- We have run into electrical/pressure issues in the search for a solution to our TMS steamer failure, and are hoping to have a decision/solution soon

Breakfast-In-The-Classroom

- We had a medical-leave delay in trying BIC out for our trial-run and hope to begin in the next week (assuming all parties are accounted for and fully healed)

Promotions

- We had a successful Dr. Seuss’s Birthday promotion on March 2nd (including Green Eggs & Ham, Diffendoofer Potatoes, Truffula Trees, Sneetches Peaches, and a Frozen Treat
- We look forward to a special treat on St. Patrick’s Day with your meal purchase as well as to our Baseball Opening Day promotion on March 26th to include things like French Fries, Popcorn, Corn Dogs, Chili Dogs, etc.
