

Technology Board Update

March 10, 2020

Steven Gingerich

- Projector installation at Middle School complete. 27 new projectors were installed in classrooms.
- Installation of new security cameras is underway. The upgrades should help better optimize the surveillance and security capabilities of TCSC.
- Upgrades to teacher-assigned laptops have been proposed and quotes are being investigated.
- Receiving quotes for tech upgrades for utilization by the High School Band. The proposed upgrades would allow for easier collaboration, increased portability, as well as enhanced instruction.
