/RE: **Student Handbook Changes**

The assistant principals have been working with me in reviewing and coordinating their student handbooks for changes for the upcoming 2020-2021 school year. We have reviewed the changes in board policies over the past couple of years to make sure the relevant policies were included or at least referenced within the handbooks. We also made substantial revisions to the handbooks so that the three handbooks were uniform, where appropriate, in their language, organization, and format.

For reference, the current student handbooks are found in [Google Docs](#).
