

Technology Board Update

July 14, 2020

Steven Gingerich

- All student Macbook devices Grades 5-12 updated, re-enrolled, and configured. In total, over 900 devices were updated to Apple's current release of macOS.
 - Cases for 2020-2021 6th and 9th grade laptops were delivered and installed.
- New Teacher Macbooks setup and enrolled.
 - Beginning July 20th, IT will begin contacting teachers and staff to set appointments for device migration.
 - An overlap period to allow teachers to use both devices will assist in easing the transition. End-of-Life for older devices is currently scheduled for September 30.
- High School projector installation complete. IT will conduct Audio/Visual configurations for affected classrooms.
- Band Tech Upgrades (Display, Apple TV, iPad) installed and configured.
- Began initial steps for iPad provisioning and configuration.
 - Additional devices to complete 1:1 K-4 ordered.
