

TCSC Virtual Questionnaire

In an effort to support the diverse learning needs of all Tipton students, Tipton Community School Corporation will provide a virtual learning option for interested families. This program will be available for students in grades K-12 for the 2020-2021 school year who live inside or outside the Tipton Community School Corporation District.

Tipton Community School Corporation will offer two virtual options: 1) TCSC Virtual Using EdOptions Facilitated by our Faculty, and 2) TCSC Virtual Using our Faculty via Google Classroom. The EdOptions is a completely software-based program facilitated by TCSC teachers. EdOptions is self-paced with weekly progress check-ins. EdOptions has some limitations on course offerings.

With TCSC Virtual Using our Faculty via Google Classroom students follow the 2020-2021 TCSC school calendar. Students will receive both virtual instruction (class meetings, small group, and one-on-one) and pre-recorded lessons that focus on essential standards in each subject area. In addition, students will have practice exercises and other activities.

If you are interested in having your student participate in a virtual learning option, please fill out this questionnaire. Completion of this questionnaire indicates your interest in virtual learning and is the first step of the process. We also ask that you complete online registration as you have in the past as your student will be enrolled as a Tipton Community School Corporation student. Further information about the virtual option and year ahead will be provided to you by the end of the month.

Thank you for the opportunity to provide your student(s) with innovative and creative opportunities to achieve at the highest level and reach their personal best at Tipton Community School Corporation.
