

1. Students who choose full time virtual will have lesson 5 days a week, just like traditional students even using the Hybrid Model.
2. Schedule attached to the work session agenda
3. In speaking with Nita and Eric they feel it can be handled with overtime, I agreed to hire an additional custodian if needed.
4. We can discuss the start date tonight. 3 days gives us enough time, but we can delay further if needed. Tri-Central delayed until August 12, which is the day we are planning to start if we delay.
5. I'm not sure I understand the question regarding Backpack Blessings.
6. Numbers as of noon today are in the document
7. 3 teachers have been assigned to virtual full time and one SPED teacher part time. We have a K-1, 2-3, and 4-5 teacher. Students will work in software and also have lessons with teachers using zoom. The lesson with the teacher will be mini lessons in math, small group reading, and read alouds. Virtual teachers will monitor student progress in the software and assign remedial or enrichment lessons.
8. Students would not be expected to be on their device from 8-3 unless the teacher schedules a Zoom meeting.
- 9.
