

School Improvement Plan

Tipton Middle School

Gap Analysis

- Students show a low application of mathematics.
- Students show a low application of language arts.
- Student behavior causes a high number of office referrals, which remove students from the learning environment.

Goals

- Mathematics
 - By Spring of 2023, 70% of students in grades 6-8 will demonstrate mathematical proficiency as measured by the ILEARN assessment.
 - Year 1 - Implementing the use of MAP Accelerator through NWEA with math and special education teachers
 - Year 2 & 3 - Increase the cross-curriculum integration of mathematical application in all subject areas.
- English Language Arts
 - By Spring of 2023, 70% of students in grades 6-8 will demonstrate proficiency in language arts as measured by the ILEARN assessment.
 - Year 1 - Increase the use of vocabulary rich texts in all subject areas.
 - Year 2 & 3 - Continue to provide authentic learning opportunities for students to read content vocabulary in textual pieces with a focus on analysis of the text.
- School Environment
 - By Spring of 2023, the ratio of classroom student write-ups to office student referrals will be 3:1 in order to increase the communication between school and home and decrease the amount of missed instructional time due to office discipline.
 - Professional Development will be centered on lesson engagement and classroom management techniques.
 - Staff members will place an emphasis on our PRIDE program in the classroom environment.
