

Technology Board Update

December 8, 2020

Steven Gingerich

- Athletics and transportation network connectivity upgrades completed as scheduled.
 - Bandwidth effectively doubled for both facilities due to new equipment.
- Successfully launched hotspot distribution for all grades K-12
 - More than 50 hotspot devices have been distributed to families to assist with e-Learning.
- Successfully assisted in launching COGAT testing for Elementary and Middle schools.
- Assessing Internet Service Provider bids from E-Rate RFP.
 - Renewal via E-Rate FY2021 could potentially grant bandwidth increases of 2-2.5x current bandwidth with little increase in monthly cost.
