From: Ryan Glaze, Superintendent  
Re: Outdated and surplus technology equipment and classroom furniture

Over the past several years Tipton Community School Corporation has accumulated a significant amount of surplus technology equipment and classroom furniture. This equipment is either outdated or broken beyond reasonable cost of repair. It has been stored in different locations throughout all our and needs to be removed.

I am requesting the board declare this equipment as surplus with no value. We can then sell it to a recycling company (after all hard drives have been cleaned for technology equipment) or dispose of it.

Summary of surplus equipment:

305	desktop computers
25	projectors
8	printers
100	monitors
150	student desks
25	computer workstation desks
8	filing cabinets

Thank you for your consideration of this request.
