2020 Net Assessed Value: **\$617,242,382**

2018 Estimated Population: **10,640**

#### **\*\*NOTICE\*\***

School fund structure was modified in 2019. The General Fund, Capital Projects Fund, Transportation Fund, Bus Replacement Fund and certain specialty operating funds were eliminated and replaced with an Education Fund and an Operations Fund. Additional updates also were made to the chart of accounts at that time.

It is important to note that many funds have specific purposes as required either by State statutes or State or Federal grant requirements. As such, a school corporation's ability to transfer between funds or utilize fund balances and revenue for uses other than the purposes directed for a particular fund may be restricted.

For description of funds included by fund classification, please refer to the Data Sources document - <https://www.in.gov/duab/files/School%20Corporation%20Fiscal%20Indicators%20Data%20Sources.pdf>

## Average Daily Membership ("ADM")

ADM is the number of eligible students enrolled in a school corporation on a particular day ("count day") designated by the State Board of Education. ADM is utilized in the State funding formula to determine the amount of tuition support that the State of Indiana will provide to the school corporation. Increasing or decreasing ADM will impact the amount of funding available to the school corporation.

Since 2014, two count days have occurred - one in September and one in February. For all years displayed but 2018 and 2019, tuition support was adjusted based on each count. For years 2018 and 2019, the February count did not impact tuition support, but the counts are displayed on this indicator for informational purposes.

Beginning with the fall count date for the 2019-2020 school year (shown as the fall count for calendar year 2020), school corporations differentiated between students that receive instruction in-person and students that receive instruction virtually. The level of tuition support differs for those students attending virtually. For the 2020-2021 school year, students receiving instruction virtually due to COVID-19 are included in the in-person count for the purposes of this indicator, as tuition support funding for these students is the same as students attending in-person.

Fund Balances

Fund Balances as of December of the calendar year listed.

Select Funds by Fund Classification: All      Classification v Sum  
Classification

Annual Deficit/Surplus

This indicator provides a comparison of revenue to expenditures on a calendar year basis, including whether the school corporation had an operating deficit or surplus for that year. Fund balance is also included to assist in identifying situations in which the school corporation utilized existing fund balances to fund expenditures.

Select Funds by Fund Classification: All

## Fund Balances as Percent of Expenditures

This indicator considers the ability of the school corporation to maintain operations in the event of delays in revenue by utilizing existing fund balances to fund operations.
