RE: Request Permission To Adopt Textbooks for Principles of Industry and Robotics

Michael Vittorio, THS Industrial Arts Teacher, is requesting permission to order new textbooks for next year's Principles of Industry class and Robotics class.

Robotics will use Industrial Robotics for the textbook. The ISBN is 8-1-63563-380. It is recommended by Project Lead The Way who has developed the course for the state. Principles of Industry will use CNC Manufacturing for the textbook. The ISBN is 978-1-64564-610-5. Both are new courses for Tipton High School.

I support Mr. Vittorio's request and would ask that permission be given to purchase these textbooks as proposed.
