# TIPTON HIGH SCHOOL

## Welcome

Welcome to Tipton High School. All the members of the staff and I are pleased to have you as a student and will do our best to help make your experience as productive and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents and visitors, the Board of School Trustees publishes this updated Student/Parent Handbook annually to explain students' rights, responsibilities and consequences for misbehavior.

Parents are encouraged to take a few minutes to review and discuss the information in this Handbook with their school-age children. Teachers will also review this Handbook with students at the beginning of the school year.

Thank you for taking the time to become familiar with the important information in this Handbook. If you have any questions, please contact the Tipton High School Office.

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to the High School Administration, who you will find listed in the Staff Directory section of the handbook. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of the 2015-16 school year. If any of the policies or administrative guidelines referenced herein are revised after the 2015-16 school year, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the Corporation's web site.

The faculty and staff of Tipton High School are committed to preparing our students to be productive and successful citizens.

We strive to provide an atmosphere conducive to learning, an enthusiastic staff dedicated to high academic standards, and a curriculum which addresses the needs of all students.

As educators we furnish valuable experiences, foster critical thinking, promote self-esteem and respect for others, **and stimulate students' desire for lifelong learning.**

## Foreward

## **STUDENT RIGHTS AND RESPONSIBILITIES**

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students are expected to respect the rights of their fellow students and the staff. Students are expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. **Powerschool** will contain our student information and Google Classroom will contain our classroom information. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

## **SCHOOL COMMUNICATION**

The school relies on **Powerschool** (our student management system) to send emails to parents that announce school events, send students' progress reports, report attendance concerns, or any number of other items. **School Messenger** and **Powerschool** both rely on the information in Harmony that parents provide. Parents have access to keep this information up to date, especially as a new school year begins. It is very important that parents do this whenever there is a change of address, phone number, or email. If you have questions or need help with your **Powerschool** account, please contact your child's school. Google Classroom (our learning management system) contains information about classroom activities and assignments.

## **SCHOOL CLOSING**

There may be times that it will be necessary to close school or to dismiss early due to inclement weather conditions or some unforeseen emergency situations. If it becomes necessary to close schools, every effort will be made to provide as much notice as possible to staff, students and parents. All parents will be notified of school closings, early dismissals or delays through the Thrillshare system. School closings, for any reason, will also be announced on local radio and television stations and updated on the school's web site:

At times when weather conditions are questionable, please listen to any of the above listed stations for information. PLEASE DO NOT CALL THE SCHOOL OR THE MEDIA STATIONS as that may only impede officials in the emergency situation.

## **RIGHTS OF NON-CUSTODIAL PARENTS**

Non-custodial parents' rights will be respected regarding visiting school, parent-teacher conferences, progress reports, student records, etc. A court

order must be witnessed before either parent's rights can be denied. Non-custodial parents wishing to receive copies of their child's report card, midterm, etc. will need to provide self-addressed, stamped envelopes to their child's teacher.

## **Section 2 - Medical Information**

### **HEALTH CLINIC PROCEDURES**

The purpose of the Health Clinic is to provide care to students who are ill or injured. Except for emergencies, students must have a pass from their teacher to go to the Health Clinic. During passing periods, students must get a pass from their next period teacher to come to the Health Clinic. Minor illnesses and injuries will be expediently treated and the student is returned to class. Students who are deemed to be more seriously ill or injured will be kept in the office area until a parent/guardian can pick them up. ALL STUDENTS LEAVING THE BUILDING MUST SIGN OUT IN THE ATTENDANCE OFFICE.

### **MEDICATION POLICY**

Prescription medication that is to be taken by a student during school hours must be delivered to the school office by a parent or guardian, labeled with the name of the student, the medication, and dosage. It must be accompanied by a written and dated physician's prescription (or statement) or the pharmacy label provided by the parent. A written and dated consent statement from the child's parent, giving consent to administer, must also accompany the medication.

If the medication is to be terminated prior to the date on the prescription, written and dated consent or withdrawal of consent of the parent is required.

Over the counter medication must also be delivered to the school office, labeled with the name of the student, the medication, and dosage. A written statement from the child's parent, giving consent to administer, must accompany the medication. Under no circumstances should students take medication at school without the knowledge of school officials.

Medication will not be administered without the above permission statements. A student's medication is only for that student. If a student gives ANY medication to another student, then disciplinary action will follow. A student with acute or critical illness may possess and self-administer medication if that medication has been approved by the school administration. Any questions concerning this policy, please ask the school nurse or building administrators.

### **Injuries and Illnesses**

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

### **Immunization Policy**

All students must have an updated immunization record provided by a medical professional to the school as stated by School Board Policy 5320 before admittance to the school. For more information, please contact the school nurse or reference School Board policy 5320.

## **Section 3 - Enrollment/Withdraw**

### **Student Records and Directories**

Educational records and student directories are governed by federal and state laws and regulations. Student information is confidential and may be disclosed only as provided by School Board policy 8330. A parent or eligible student may object to disclosure of any of the categories of directory information by submitting the proper form to the principal no later than fourteen (14) calendar days from the enrollment date.

### **Student Withdrawal**

Students can only withdraw from THS if they are in good standing or as allowed by school administration. A student cannot withdraw to avoid administrative discipline, e.g. to avoid expulsion or suspension of driver's license. Students are responsible for returning all textbooks and laptops given by the school to the student. If the school does not receive the student laptop within five business days after withdrawal, then theft charges will be filed with law enforcement.

### **Student Transfer**

If a student plans to transfer from [the School], the parent must notify the Principal. School records shall be transferred within fourteen (14) days to the new school corporation. Parents are encouraged to contact Tipton High School Attendance Secretary for specific details.

### **LEGAL SETTLEMENT**

A student **MAY** be expelled if it is determined that the student's legal settlement is not in the attendance area of the school where the student is enrolled.

## **Section 4 - Facilities**

### **MONEY AND VALUABLES**

The school is not responsible for lost or stolen money or valuables from your person or locker, this includes book bags left unattended. However, if it is absolutely necessary that a student bring a large amount of money or other valuable items to school, such items may be left in the office for security and picked up when needed.

### **LOST AND FOUND**

All articles found should be taken to the main office. Inquiries about lost items should be made in the main office.

## **CAFETERIA**

**The school cafeteria works hard at providing nutritious meals for all of our students. If you are unsure if you qualify for our Free/Reduced Lunch Program map apply in the principal's office.**

1. All food and beverages must stay in the cafeteria.
2. Students are to remain in the immediate cafeteria area, the courtyard, or student lounge during lunch, or as directed by the administration.
3. Trays, silverware, paper, and plastic refuse should be removed from the tables and placed in the appropriate receptacles.
4. No one may bring restaurant food into the cafeteria.

## **Food and drink**

No restaurant food or drinks may be brought into the school after 8 am. Any outside food or drink must be consumed in the cafeteria. Students also may not have restaurant food or drinks delivered to them on school grounds.

## **PEST CONTROL POLICY**

Pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children. If you wish to have advanced notice of pesticide use, contact the office at 675-7431 X 100.

The school corporation is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect children from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children.

The corporation will:

1. Annually inform parents and staff members of the corporation's pest control policy at the time of student registration by a separate memorandum or as a provision in the student handbook.
2. Provide the name and phone number of the person to contact for information regarding pest control.
3. Establish a registry of parents and staff members who want to receive advance notice of all pesticide use and provide such notice.
4. Provide notice of planned pesticide applications to parents and employees who have requested advance notice.
5. Provide notice of all pesticide applications to school nurses.
6. Maintain written record for at least 90 days of any pesticide applications.

The corporation will provide notice at least two school days prior to the date and time the pesticide application is to occur. The notice will include the date and time of the pesticide application, the general area where the pesticide is to be applied and the telephone number to contact the school for more information.

## USE OF SCHOOL FACILITIES

School and community groups are allowed to make use of the facilities at the high school. To ensure that the facilities are available and in proper condition, any use of high school facilities must be scheduled in advance with a high school administrator. Groups must fill out a Facility Usage Form and receive approval prior to scheduling.

Students are not to be in any part of the school building outside of the regular school day without supervision by a staff member or other properly authorized adult.

## LOCKERS

**Book bags will not be used during the school day. Students will need to use the lockers assigned to them by the school to store their materials, books, supplies and other belongings.**

1. Lockers are made available to students for their convenience and for the security of their possessions. This service is not required by law, but the fact that the corporation makes the lockers available in no way can be determined to diminish the control and authority of the Board of School Trustees over the lockers. The corporation's right of ownership includes all lockers located on the school's premises regardless of the use made of the locker by the students.
2. It shall be the responsibility of the building principal, or his representative, to advise the students of that building of the corporation's ownership rights including the right through its agents, the principal or his representative, to examine both the locker and its contents.
3. The intent of this policy is to insure the safety and best interests of all students and to provide for the use of the lockers in the manner and for the purpose for which the corporation makes lockers available to students.

## Care of School Property

Students are responsible for maintaining proper care of all furniture, books, etc. supplied by the school. Students who vandalize school properties will be required to pay for the damage and/or face disciplinary **action. This includes ANY school issued device.** The condition of each textbook will be checked and recorded before assigning the books to students. It becomes the responsibility of each student to maintain the condition of any school issued property in his/her possession through the school year. At the end of the year, books will be collected and checked for damages. Students found to have damages beyond normal wear and tear will be assessed a fine. It is the responsibility of the student to notify the issuing teacher if there is drastic deterioration in the condition of the textbook. This is to be done immediately after the damage has taken place. Lost or damaged property items not paid will be placed on the student's fee as part of their financial obligations for the next school year.

## STUDENT SALES

Students are not allowed to bring anything to sell to other students or staff members.

**Any deviation to this grading scale in a classroom will be clearly stated in the classroom guidelines/rules/syllabus.**

## **REPORT CARDS**

There are two nine week grading periods per semester. Grade reports are available approximately one week after the close of a grading period (generally on the first Friday following the end of the first three quarters). Grade cards for the 4th quarter may be picked up at the high school main office approximately one week after the close of the grading period. Grade Cards are posted to **Powerschool**. **GRADE-IN-PROGRESS REPORTS** should be reviewed by the student/parent via Harmony.

## **INCOMPLETE GRADES**

All incomplete grades are indicated by the letter "I" on the grade card. An incomplete grade is issued only in the case of illness or other excused absence. It must be removed within the time frame established by the teacher and/or the Guidance Department. An incomplete grade is not considered a passing grade in determining an athlete's eligibility. An incomplete grade will be recorded as an "F" if these requirements are not met.

## **SEX EDUCATION STATEMENT**

The school shall make available for inspection by the parent of a student any instructional materials, including teachers' manuals, curricular materials, films or other video materials, tapes, and other materials, used in connection with instruction on human sexuality. Before providing instruction on human sexuality, the Corporation shall comply with State law requirements to provide a written request for consent of instruction to a parent of a student or the student, if the student is an adult or an emancipated minor.

## **Schedule changes**

Students should take great care in selecting their courses. A student's schedule cannot be changed after 10 school days have taken place within a grading period and must have a teacher recommendation. Course changes initiated by the student will be accepted during the student/parent review period. Changes will be granted ONLY for extenuating circumstances (such as a funeral or loss of a family member, a prolonged medical absence like a surgery or a pregnancy, etc.) that necessitate the change. Please refer to schedule change forms in the Guidance Office.

## **GUIDANCE INFORMATION**

The Guidance Department is available to assist the students in academic, social/emotional, and college/career guidance. THS's counselors personally meet with each student at least once each school year to address these needs. If a student requires additional assistance in any of these areas, they are able to meet with the counselors throughout the school day.

## **STUDENT ASSESSMENT**

To measure student progress, students will be tested in accordance with State standards and Corporation policy.

Unless exempted, or any student in the class of 2023 and beyond, each student will be expected to pass the State-mandated assessments that are required by the State Board of Education. Students only need to retake those parts of the test they do not pass. Make-up dates are scheduled, but unnecessary absences should be avoided.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the guidance staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

College entrance testing information can be obtained from the Guidance office. Depending on the type of testing, specific information and/or parent consent may need to be obtained. Tipton High School will not violate the rights of consent and privacy of a student participating in any form of evaluation.

## **T.H.S. HONOR CODE**

Tipton High School's mission statement declares that education fosters critical thinking, promotes self-esteem and respect for others, and stimulates students' desire for lifelong learning. Learning and scholarship depend on an atmosphere of trust based on a code of academic integrity. Cheating, plagiarism, and dishonesty violate this code and defeat the purposes of learning. These practices

place the value of grades over learning and run counter to Tipton High School's philosophy and practice of promoting academic excellence. Cheating and plagiarism then cannot be tolerated.

Cheating includes, but is not limited to the following examples:

- Taking, stealing and/or use an assignment from someone else to submit as his own.
- Allowing another to take and/or use an assignment to submit as his own.
- Looking at another's test or essay with or without his consent for the purpose of duplicating that work and submitting it.
- Representing as one's own work the words of a parent, siblings or someone else.
- Discussing a test or quiz with students who have not completed the assignment.
- Unauthorized use of teacher test materials, answer sheets, computer files or grading programs.
- Using any type of "crib notes" on your person, an object programmed within a graphing calculator, palm pilot, or other electronic device without teacher approval.

Plagiarism includes, but is not limited to, the following acts when performed without giving credit:

- Directly quoting or paraphrasing all or part of another's written or spoken words without notes or documentation within the body of work.
- Presenting an idea, theory or formula originated by another person as their own original work.
- Purchasing or receiving in any other manner a term paper or other assignment that is the work of another person and submitting that assignment as the student's own work.
- Repeating information, such as statistics or demographics, which is not common knowledge and which was originally compiled by another person.

### **Consequences of Cheating and Plagiarizing**

First offense:

- A copy of THS' Honor Code will be given to the parents/guardians.
- Automatic zero for the assignment in question with no opportunity to make up that work in any way, including extra credit.
- A disciplinary referral will be completed by the teacher and will be placed in the student's file. Detention may be assigned by the teacher and/or the administrator.

Second offense within the same class:

- Automatic zero for the assignment in question with no opportunity to make up the work in any way, including extra credit.
- A disciplinary referral will be completed by the teacher and placed in the student's file. This could result in a W/F from the class.
- Teacher will exercise his/her discretion in assigning academic consequences according to the severity of the incident, such as lowering the student's grade. Friday or Saturday school may also be assigned.

- Sponsors and coaches of all extra curricular activities with which that student is involved will be notified by an administrator.

Third and subsequent offense in the same class:

- Punishments listed as above.
- Withdrawal from class with a grade of F.
- Student will be removed from extracurricular activities for a period of time to be determined by the administration.

#### **Procedure:**

When a teacher has reason to believe that cheating has occurred, the following steps will be taken:

- The teacher will investigate the matter and gather documentation regarding the violation.
- The teacher will confer either by phone or in person with the parents regarding the situation and request a conference after the second offense.
- The students/parents will have 3 school days to formally appeal the decision to the principal. A committee assigned by the principal will review the appeal.

## **Section 6 - Student Activities**

### **STUDENT ACTIVITIES PROGRAM**

Tipton High School provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain school subject matter.

THS has many student groups that are authorized by the School. It is the Corporation's policy that only authorized groups are those approved by the Board of School Trustees and sponsored by a staff member.

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Questions pertaining to eligibility should be directed to the school office.

#### **Activities Policy**

As of right now, THS' Activities Policy and Eligibility Requirements are being reviewed and discussed by the School Board. Please refer to Board Policy 2430 or contact a school administrator for guidance regarding eligibility for activities.

~~Tipton High School provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain School subject matter.~~

~~A student who does not meet the above requirements will be declared ineligible for participation upon the official posting of grades by the school. A student will regain eligibility when he/she next achieves both of these requirements at the time of an official posting of grades by the school (nine weeks). Tipton High School has many student groups that are authorized by the school. It is the Corporation's policy that only authorized groups are those approved by the Board of School Trustees and sponsored by a staff member. ~~All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements.~~

## **NON SCHOOL-SPONSORED CLUBS AND ACTIVITIES**

Non-school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non instructional hours. The application for permission can be obtained from the principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society is not permitted. All groups must comply with Tipton High School rules and must provide equal opportunity to participate.

No non corporation-sponsored organization may use the name of the School or School mascot.

## **EXTRACURRICULAR ACTIVITIES/SCHOOL DANCES**

Any student attending an extracurricular activity must abide by the same Code of Conduct as during school hours.

For all club or class sponsored activities, including dances, participants must be a student of Tipton High School, or, for certain specified activities, a guest of a student at Tipton High School. All school rules will apply to students and their guests.

All dances must be arranged in advance through the high school administration. Sponsoring organizations will be responsible for all expenses of the dance including custodial charges. Sponsors are also responsible for providing adequate chaperoning and security.

In order for a junior to attend the Junior/Senior Prom they must work a specified number of times as dictated by the guidelines. All juniors will be given the guidelines during a class meeting by the Junior Sponsors at the beginning of each school year. This applies to all students. Athletes, cheerleaders, band, drill team members, etc. are not exempt and will be required to fulfill their responsibilities to their class.

## **ATHLETIC HANDBOOK**

An athletic handbook must be secured by each athlete with the proper forms signed and returned to school before he/she may participate in any athletic activity at Tipton High School.

## **WORK PERMITS**

Students, ages 14-18, must obtain a work permit in accordance with provisions of the Child Labor Laws and the Bureau of Child Labor of the Indiana Department of Labor. An employment certificate will be denied or revoked at the end of a quarter or grading period if a student's grade point average is not maintained at 2.0 without any F's, or if there is a decrease in attendance or increase in tardies after the issuance of the permit. Permits can be obtained in the Tipton High School main office. Please allow 24 hours for processing of the forms. A student that falls below the 2.0 GPA may request to be placed on academic probation. The student may be placed on probation one time during the academic school year. A student with an F will not be eligible for consideration. The request must be made with the principal. He will inform the student of the procedures for consideration at that time.

## **TECHNOLOGY AGREEMENT**

Before any student may enhance his/her school career by accessing and using the Corporation's computer resources, s/he and his/her parents must sign an agreement that defines the conditions under which the student may access and use these resources.

As required by Federal law, the Corporation will provide the instruction to students regarding the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information; and,
- C. the consequences of unauthorized access (e.g. "hacking", cyber bullying and other unlawful or inappropriate activities by students online.

Students have no expectation of privacy in the content of their personal files saved on the Corporation's computer resources, and of the records of their online activity when accessing and using the Corporation's technology resources. As required by Federal law, the Corporation will routinely monitor the online behavior of its students.

Failure to abide by all of the terms of the agreement may lead to termination of the student's computer account and possible disciplinary action up to and including suspension from School or referral to law enforcement authorities.

## **NETWORK ETIQUETTE**

Students are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to the following:

- Be polite. Use appropriate language
- Do not reveal the personal addresses or telephone numbers of others
- Recognize that the network is not private. The system administrator can monitor network activity. Situations relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in any way that would disrupt its use by other users

## **SECURITY**

Network security is a high priority. If you can identify a security problem on the Internet, you must notify the system administrator or building principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet/network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

## **ACCESS TO CORPORATION TECHNOLOGY RESOURCE FROM PERSONAL COMMUNICATION DEVICES**

Students may use their personal communication devices ("PCDs" to wirelessly access the Corporation's technology resources (guest or business networks, servers, projectors, printers, etc. while they are onsite at any Corporation facility. Such access requires submission of the signed acceptable use agreement and is subject to the terms of that agreement.

## Section 8 - Student Conduct

### Attendance Policy

TCSC uses a mass communication program called **School Messenger**. **School Messenger** allows the schools to send a message to all parents in matter of minutes. These messages can be sent via telephone, email, text or a Facebook posting. **School Messenger** is used to let families know when school is delayed or closed because of weather, when a student is absent, and other emergencies. It can also be used to remind a class of a field trip, canceled team practice or any number of things where a group needs to be notified.

The schools rely on **Powerschool**, our student management system, to send emails to parents, that announce school events, send students' progress reports, report attendance concerns and any number of other items.

**School Messenger** and **Powerschool** both rely on the information in **Powerschool** that parents provide. Parents have access to keep this information up to date, especially as a new school year begins. **It is very important that parents do this whenever there is a change of address, phone number, or email.** If you have questions or need help with your **Powerschool** account, please contact your child's school.

The development of high standards of dependability and reliability is a joint endeavor between the school, the individual student, and the parents/guardians. Business, industry, and the professions expect and demand high standards of attendance and punctuality (being on time); therefore, the education of our students must reflect these same expectations and assist students in accepting responsibility for good attendance. Through the combined efforts of the students, parents, and school, the goals of self-discipline and responsibility become major priorities in developing life skills and appropriate attitudes as well as preparing for entry into the adult world.

Tipton High School considers the development and maintenance of good attendance habits and punctuality essential if a student is to gain the maximum benefit from the educational offerings. It is difficult for students to learn if they are not in class. The teaching-learning process builds upon itself.

Each student is expected to be in school every day. When absence is required, each student is expected to have an acceptable and justifiable reason for the absence. Many absences from school are due to an attitude and motivation problem rather than legitimate illness. Parents/guardians are asked to work with the school to eliminate unnecessary absences. Indiana Code 20-33-2-27): It is unlawful for a parent to fail to ensure that his child attends school. Parents may take their student out of school with a prearranged 24 hour notice. Without the 24 hour notice, the absence will be unexcused. Students will be issued a Saturday School and work CANNOT be made up. Extenuating or extraordinary circumstances may be considered.

#### GENERAL GUIDELINES

1. Good medical and dental care is encouraged and recommended. For appointments made during the school day, it is recommended that the time of the appointments be set during Resource or rotated to avoid missing the same class. When the student returns to school from a doctor's appointment, the student must bring a signed note from the doctor stating the date and time of appointment.

2. Families should plan family vacations at times when school is not in session to avoid student absences.
3. Parents/Guardians are to call the school to verify absences. This ensures the safety of the child and gives the school a record of the reason for the absence.
4. Throughout the school year, parents will be advised, either by phone and/or in writing, regarding problems with their child's attendance.
5. Excused absences accepted by the State Board of Education are: funerals, death in the family, medical appointment, any legal appointment/court hearing, National Guard duty, pages, participating in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the School Corporation, and certain excuses which are pre-arranged with the principal in advance of the absence. Excused absences are NOT necessarily reasons for an extension. These excused absences will not count towards a student's limited 8 absences per semester.

## **PROCEDURE FOR REPORTING AN ABSENCE**

1. On the morning of the absence, the parent/guardian is to call the high school at 675-7431(x106). If a call has not been received by 9:00 AM, the school may attempt to call the home or the parent's place of employment. Students are not to call for themselves except in cases of emancipation.
2. If a phone call was not made on the day of the absence, upon returning to school, the student is to have a parent make a phone call or bring a note from a parent to the attendance office before the end of the school day.
3. Failure to follow this procedure will result in the student receiving an unexcused absence and the student will not be allowed to make up for credit, work that was missed.
4. You may leave a message by calling the Guidance Office at 675-7431 ext. 106. The answering service is not limited to work hours and is on 24 hours per day.

## **ABSENCES**

Absence is defined as missing the entire school day or any part (period) of it for any reason. An hourly and daily record of absences is kept for each student on a semester basis. Parents/Guardians are to call the school to verify absences. This ensures the safety of the child and gives the school a record of the reason for the absence. If contact is not made, the school will consider the student truant. Unexcused absences will result in student being assigned to Saturday School.

## **TEN (10) DAY LIMIT per School Year**

1. Any student has an opportunity to earn credit in a class provided he/she does not have more than ten (10) absences in the class. This does not include excused absences.
2. On the sixth (6th) absence a parent letter will be sent requesting parental contact with the administration and advising them of the attendance policy.
3. On the tenth (10th) absence a contact will be made with the parent/guardian requiring a written explanation.
4. Any student who accumulates more than ten (10) absences in a given class will be suspended on the eleventh (11th) day pending an immediate parent conference and recommendations for a Behavior Modification Intervention.

5. Students with severe or complicated illness/injury may get an extension. The student and parents may request a hearing with the Assistant Principal to get an extension to avoid recommendation for expulsion. Further consideration will be given to the student's scholastic standing and classroom performance and/or documented medical illness as opposed to truancy.

## FIELD TRIPS

Field trips are an excellent tool to enhance classroom instruction and provide students with opportunities otherwise unavailable through the regular school setting. A signed parent/guardian permission form is required for a student to participate in a field trip. It is the responsibility of the student to make sure that this form is completed and returned to the instructor. No student will be permitted to participate in a field trip without the proper form on file at school.

All regular school rules are in effect during field trips and instructors may impose more stringent rules depending on the circumstances of the trip. Violation of these rules could mean an exclusion of the violating student(s) from future field trips in addition to other disciplinary actions taken on the misconduct. All chaperones must have a background check through the school, while also following all school policies during the trip.

## COLLEGE OR VOCATIONAL SCHOOL VISITATION

Juniors and seniors are permitted 2 visitation days per semester. A college visitation form must be obtained from the attendance office and completed **at least 24 hours prior** to the visitation. When pre-arranging for a college visitation, an appointment letter must be presented to the attendance office. Upon returning to school, the student must present to the attendance office, the visitation form signed by a college representative. These days will be included in your eight (8) day limit.

## TRUANCY

Truancy is the absence of a student without the consent of a parent/guardian and without the approval of a high school administrator. "Skipping school" (or class) is a serious violation of school rules and presents a situation that not only poses an interference with the purposes of school, but could be harmful and dangerous to the student. The following consequences will therefore accumulate throughout the entire school year. For example: A student that has 2 truanies in the first semester and then has another truancy in the second semester has accumulated 3 truanies. That student will receive 10 days out of school suspension and will be recommended for expulsion. The following consequences will apply for occurrences of truancy:

1st offense: 2 Blocks or less...1 Saturday School or 5 hours community service

1st offense: 3 Blocks or more...1 Saturday School and up to 10 hours community service

2nd offense: any part of a day...2 days in-school suspension or up to 20 hours community service

3rd offense: any part of a day... Out-of-school suspension pending an immediate parent conference and recommendations for a Behavior Modification Intervention.

Truancy from assigned detention will result in an in-school suspension (the number of days will be determined by the number of referrals the student has received for disciplinary infractions.) Truancy from assigned Saturday School will result in an out-of-school suspension and/or additional assignments to Saturday School.

A student that is expelled from 1st semester for truancies and re-enters school second semester may not have an additional truancy. The 1st truancy in this situation will result in 10 days of out of school suspension and recommendation for expulsion. A student that arrives after 8:30am, will be considered truant and will report to ISS for the remainder of that period. (Exception: Students tardy to school may be allowed to report to class with a parent note excusing them due to one of the following: (power outage, vehicular emergency, or family emergency. The exception negates the truancy, but it will count as a tardy. Upon arrival at school, the student must report to the Guidance Office. This exception can be used a maximum of 2 times a semester.)

## ATTENDANCE REVIEW CONFERENCE

An Attendance Review Conference may be called at any time by a high school administrator. This conference may include any or all of the following: the student, the student's parent(s) or guardian(s), high school administrator, and the student's teacher(s). The conference will be held to review the student's attendance and devise a plan for improvement. Extenuating or extraordinary circumstances may be considered.

## Electronic Devices

Any devices such as **cell phones, pagers, games, cameras, video, or listening apparatus** that disrupt a productive learning environment must be powered off and out of sight during the school day. **School personnel may take electronic devices from students and deliver them to the main office.** Procedures for reclaiming equipment include:

1st offense - Picked up by student at the end of the school day with a **Warning** assigned and the parent is notified by teacher via email/phone.

2nd offense -Picked up by parent with **detention** and/or **Friday/Saturday School** assigned to the student.

3rd offense or more - Picked up by parents and students will be **suspended**.

## OTHER RELATED ITEMS

1. **Tardy to School:** Tardiness is defined as not being in the assigned classroom (or seat - teacher's discretion) before the bell sounds. Teachers are to advise student of any and all tardy recordings. The following consequences listed below will result from accumulated tardies.

- Tardy 1, 2
- Tardy 3 Before School Detention
- Tardy 4 After School Detention
- Tardy 5 Saturday School
- Tardy 6 ISS all day
- Tardy 7 Out of School Suspension

- Tardy 8 Out-of-school suspension pending an immediate parent conference and recommendations for a Behavior Modification Intervention.
- 2. **Extracurricular activities and jobs when absent from school:** The school generally assumes a student who is unable to attend school because of illness will also be unable to work or attend extracurricular functions later in the same day. Requests for special consideration should be directed to an administrator.
- 3. **Clinic and guidance:** Missing class because of being in the clinic will count as a class absence (in the 8 day category) unless approved by an administrator. Being in the guidance office without a prearranged appointment or special approval from a guidance counselor will also count as a class absence (in the 8 day category).
- 4. **Absence from an assigned detention:** without prior approval will be considered as truancy. Generally, detentions or Saturday Schools will not be changed.
- 5. **Signing out:** Students are not to leave the building without permission from an administrator or other authorized office staff. Students must also have permission from home to leave the building. Leaving the school grounds without administrative approval at any time during the school day will be considered truancy.

## **HALLWAY PASSES**

Students should report to classes on time and remain in the classroom until the dismissal bell. Students in hallways during class time must have a pass from a teacher, administrator, or other staff member.

**NOTE:** The high school administration reserves the right to make decisions on attendance related matters that are in the best interest of the student, the school, and the educational environment.

## **STUDENT CODE OF CONDUCT**

Students attending Tipton High School are expected to show PRIDE:

Proper student conduct will ensure each student an equal opportunity to become a responsible individual and develop to his/her fullest potential. To this aim, the following standards of proper conduct are expected of each student enrolled in Tipton High School, whether at school, while attending any school related or sponsored activity, or while traveling to or from school or any school activity.

**The rules you are about to read in this code of conduct supplement are in addition to the broad, discretionary authority to maintain safety, order, and discipline inside to school zone. These rules support, but do not limit, this authority.**

  2. Fighting or promoting a fight;
  3. Engaging in speech or conduct, including the wearing of clothing, jewelry, or hairstyle/color which is profane, indecent, lewd, vulgar, offensive, or disruptive in any way to school purposes and the orderly routine of the school;

### **Bullying/Harassment**

The School Board is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying behavior toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse as provided herein. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling to or from school or a school activity, function, or event; or, using property or equipment provided by the school. Additionally, this policy applies regardless of the physical location when:

- A. the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the Corporation; and
- B. the bullying behavior results in a substantial interference with school discipline or an unreasonable threat to the rights of others to a safe and peaceful learning environment.

Bullying as defined in State law means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student and create for the targeted student an objectively hostile school environment that:

- A. places the targeted student in reasonable fear of harm to the targeted student's person or property;
- B. has a substantially detrimental effect on the targeted student's physical or mental health;
- C. has the effect of substantially interfering with the targeted student's academic performance; or
- D. has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

This type of behavior is a form of harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It includes, but is not limited to, such behaviors as stalking, intimidation, menacing behavior, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes s/he has been or is currently the victim of bullying should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student also may report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should

be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above.

All complaints about bullying behavior that may violate this policy shall be promptly investigated.

If the investigation finds an instance of bullying behavior has occurred, it will result in prompt and appropriate disciplinary action, up to and including expulsion for students, discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Bullying acts may be reported to law enforcement officials.

The complainant shall be notified of the findings of the investigation and as appropriate, any remedial action that has been taken to the extent disclosure is permitted by law.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

### **Gang Activity Policy (Policy 5840)**

Tipton Community School Corporation has adopted this Criminal Gang Policy (5840) pursuant to state law in order to address the detrimental effects of criminal gangs and criminal gang activity on its students, demonstrate its commitment to preventing and reducing criminal gang membership and eliminating criminal gang activity, educate students, employees, and parents about criminal gangs and criminal gang activity, and comply with state and federal laws and regulations.

TCSC prohibits criminal gang activity and similar destructive or illegal group behavior on school property, on buses owned by the corporation or used to transport corporation students, and at school sponsored functions. TCSC prohibits reprisal or retaliation against individuals who report criminal gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or others with reliable information about an act of criminal gang activity and similar destructive or illegal group behavior.

Criminal gang, as used in this policy, means a group with at least three (3) members that specifically, either promotes, sponsors, or assists in, or participates in, or requires as a condition of membership or continued membership the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery (I.C. 354221).

## DISCIPLINE POLICY

Tipton High School recognizes the importance of maintaining the proper environment in which education can flourish. It is the goal of Tipton High School to help every student develop an appropriate and serious attitude toward school

and education so that each student may have the opportunity to learn and develop to his/her fullest potential. In the event that inappropriate behavior occurs, we feel a responsibility to present the student with consequences that are consistent with the behavior and administered fairly and equally to all students. The goal shall always be to help each student assume responsibility for his/her actions and make appropriate adjustments in behavior as warranted. Student discipline will be administered in accordance with the Indiana Due Process Code (IC 20-33-8-14).

As teachers and students are brought together so that learning may take place in our classrooms, an environment which permits an orderly and efficient operation of the schools must be provided. This environment must come through consideration and self-discipline so that individuals do not allow themselves to infringe upon the rights of others. The responsibility for development and maintenance of this self-discipline comes from a combined effort of student, parent, teacher, administrator and community.

School officials have also been given the express statutory power to mandate parent participation in any action the school takes to correct a student's inappropriate behavior. (I.C. 20-33-8-26)

## **CLASSROOM DISCIPLINE**

On the first day of class, the classroom teacher will communicate to each student course and behavior expectations (including but not limited to possession and consumption of food beverages in the classroom). Violations of the classroom discipline plan may result in:

- 1st occurrence: Warning from the teacher; (office/classroom referral will be emailed to parent/guardian)
- 2nd occurrence: Referral form sent to the office and teacher to contact parent/guardian; the teacher may also assign detention to be served with the teacher;
- 3rd occurrence: Student sent to the office with a referral form, will be recommended for a Behavior Modification Intervention, parent contacted by an administrator with warning that the next occurrence could result in removal from class with an "F";
- 4th occurrence: Student sent to the office with a referral form. Administrator will withdraw the student from the class with an "F" for the semester unless an alternate plan can be devised through a conference with a parent/guardian.

## **VAPING/ELECTRONIC CIGARETTES**

A growing concern in schools across the country is the smoking of vapes and the use of vaping products. Because of this growing concern, THS is taking action in order to protect the health of its students. The following list explains the steps that will be taken when a student is vaping in school or on school grounds or if a student has any vape product at school or on school grounds. This applies to both the school day and for extracurricular activities.

1st Offense: The student will receive a full day of ISS where that student will be required to take a course on the effects of vaping.

2nd Offense: The student will receive three days of OSS. The student will also receive a ticket from the SRO.

3rd Offense: The student will receive 10 days of OSS pending expulsion.

It should be noted that a vape product using marijuana or any other illegal drug will be treated as if that student has brought illegal drugs onto the school campus.

## **ADMINISTRATIVE DISCIPLINE**

The high school administration reserves the right to waive any step, accelerate the discipline plan, or devise an alternative consequence based on the severity of the situation. The best interest of the school, the student, and the educational environment will be considered carefully. If a satisfactory plan to change the student's behavior cannot be devised, it may be recommended that the student be expelled.

A student may be disciplined for violating the code of conduct. The items listed in the code of conduct are not all inclusive. Other acts may be considered a breach of acceptable behavior and will be handled accordingly.

One or any combination of any of the following disciplinary techniques may be used by school officials in their efforts to assist a student in his/her efforts to improve his/her behavior or conduct:

counseling; parent conference; detention; Saturday School; probation; suspension: In-School, Out-Of-School, or school-community service; expulsion; exclusion; assignment of work which will benefit the student and/or the school; additional school work assignments; denial of participation in any school functions, activities, or ceremonies; other techniques as deemed necessary and reasonable by school officials.

## **SATURDAY SCHOOL**

The purpose of Saturday School is to enable students, who would otherwise be suspended, to remain at school and improve their academic standing. It is the responsibility of the student to obtain class assignments from each teacher prior to attendance at Saturday School.

In addition to the rules established in the Tipton High School Policy Handbook, students will be expected to observe the following:

1. Saturday school will meet from 8:00 AM until 10:00 AM. The doors will open at 7:45 AM and be locked at 8:05. No students will be admitted after 8:05. It is suggested that the students be here at least ten (10) minutes early.
2. Failure to attend Saturday School for any reason other than a medical doctor documented excuse will be considered truancy and will result in a three -hour (8-11) Saturday School to be served at the next available Saturday School.
3. Students will not be allowed to leave the room except for a break as determined by the Saturday School Supervisor. The breaks will be five (5) minutes long and are to be contained to the Saturday School room and the nearest restroom.
4. Students will not be allowed to go to their lockers or use the telephone.
5. Students will bring all necessary materials to complete their school work - books, supplies, pens, pencils, papers, etc. NO radios, cards, magazines, or other recreational materials will be allowed in the room.
6. Students will NOT be allowed to put their heads down or sleep. Talking will be with the staff personnel only. The students are here to study.

7. **NO** food or beverages may be consumed during Saturday School. Get up in time to eat a good breakfast.
8. Tutoring in most subject areas will be available.
9. Inappropriate or uncooperative behavior from a student will result in additional assignments to Saturday School OR out-of-school suspension for up to three (3) days.

We feel fortunate to have the Saturday School as an alternative to suspension from school. It allows students to continue their education without interruption while offering extra time to improve their study habits and grades. We, at Tipton High School, hope that Saturday School will be a learning experience in which grades may improve and an improvement in behavior will occur.

## **Seclusion and Restraint**

As a part of the emergency procedures in place in our schools, no student will be restrained and/or placed in seclusion by school staff unless the student's behavior poses an imminent risk of injury to him/herself or others. However, significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such use of restraint and/or seclusion, the parents or guardian will be informed when any of these actions have occurred and will be provided with a detailed account of the incident including the circumstances that led to the use of restraint and or seclusion.

## **DRUG TESTING POLICY**

Tipton High School students are subject to Tipton's Drug Testing Policy if they take Driver Education, participate in extracurricular activities, John Hinds Vocational School, Ivy Tech, IUK, OJT or any other school-to-work related assignment or drive to school. Copies of the policy are available upon request.

Tipton High School will exercise the right to ask local law enforcement agencies to assist them in searches of the school grounds. "School grounds" includes but are not limited to: the parking lot, and any cars parked thereon; hallways; lockers; classrooms; and any other rooms in the building used or occupied by students. Local agencies will be permitted to use canine units when necessary.

## **STUDENT RIGHTS OF EXPRESSION**

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material, buttons, badges, or other insignia; and the like. All items must meet School guidelines.

- A. A material cannot be displayed or distributed if it:
  1. is obscene to minors, libelous, indecent, or vulgar,
  2. advertises any product or service not permitted to minors by law,
  3. intends is intended to be insulting or harassing,
  4. intends tends to incite fighting-, or
  5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a

material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the administration twenty-four (24) hours prior to display.

B. Materials may not be displayed or distributed during passing times between classes. Permission may be granted for display or distribution during lunch periods and/ or before or after School in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

## **Corporation DRESS AND APPEARANCE**

Students are expected to wear their clothing and to manage their appearance in such a manner that does not disrupt the educational setting, interfere with health or safety, or promote vulgarity. **The administration has the right to regulate appearance and dress.** Since there will be many functions and occupational obligations later in life dictating appropriate dress and appearance, neatness, cleanliness, good grooming, appropriate dress will be considered an important element in their education. Students have considerable choice in individual style of dress and appearance. Bandanas, hats or headgear may NOT be worn in the school building during school hours, which is the opening of school in the AM until 4:00PM. (Clothing with lewd, vulgar, or suggestive language is not permitted.) Students may not wear clothing, which advertises products that illegal for them to possess. All shirts & blouses must have sleeves, and must cover the shoulders (with the exception of elementary age children). Tank tops of any kind will not be permitted. Clothing which permits, at any time, bare midriff and/or bare back is inappropriate. Shorts and skirts will be permitted if they are of proper length (mid-thigh or longer). Pants and shorts must be worn at waistline. Dress is expected to be clean and free of ornamentation that could cause damage to school property. Objectionable clothing and/or appearance under these guidelines will be determined by the judgment of the school officials.

Students found to be in violation of the dress requirement will be warned and a change of clothing arranged on the first occurrence (a failure to comply will result in disciplinary action being taken). On the second violation, the student may be assigned detention time or have other disciplinary measures taken.

## **PUBLIC DISPLAY OF AFFECTION**

Students should make sure that their public displays of affection are socially acceptable and do not draw undue attention to themselves, or disrupt the educational function or purpose of the school. Kissing and/or embracing with two hands are unacceptable and will not be tolerated.

## **Section 9 - Transportation**

### **DRIVING REGULATIONS**

Driving to school is a privilege granted by a student's parents and the school. This includes but is not limited to automobiles, trucks, motorcycles, mopeds and bicycles. Student drivers will accept all responsibility for damages to their vehicles or theft of articles within the vehicle while it is parked on school property.

The school is not responsible for damages done to cars in the parking lot or on school grounds. All reports of damages will be referred to the Tipton Police Department. Those students choosing to ride the bus to school can access the Ride Guide from their bus drivers, at the beginning of the school year, or on the corporation website. The Ride Guide states the rules and policies associated with riding the bus.

- All students driving to school must park on school property. Students who are riding with their parents or a non-THS student are responsible for them knowing the driving rules.
- Students must turn in a vehicle registration form that has been signed by the student and his/her parent/guardian. Students must then purchase a parking tag from the office. This tag must be displayed on the rearview mirror at all times when the vehicle is on school property. Vehicles parked on school property without proper identification may be subject to tow at the owner's responsibility and expense.
- Only licensed and properly insured drivers may drive a vehicle on school property.
- Students should enter and exit the parking area from the north or west side of the building only.
- Student parking is in the north parking lot
- Students are not to park next to the building
- No reckless driving will be tolerated at any time on school property. The speed limit is 15 MPH.
- Upon arriving at school, students should park in the proper area and enter the building. Sitting in cars or loitering in the parking lot is not permitted. Students should not go to their cars during the school day unless permission has been granted from the office.
- Vehicles are not to be driven during the school day unless permission has been granted by an administrator.
- Students may leave the parking lot as soon as they desire after dismissal. Students are only to turn right when leaving the North parking lot after school is dismissed, and are to follow the instructions, verbal or hand motions, of personnel directing traffic flow; however, once the buses begin to leave, all vehicles are to wait until all buses are out of the parking lot.
- The privilege of bringing a student operated vehicle onto school premises is conditioned on written consent by the student driver, and his/her parent/guardian. This written consent permits school authorities to conduct a search of the vehicle under the regulations stated in the "Lockers" section of this handbook. Lack of cooperation to provide or permit access to a vehicle on school premises when there is reasonable cause for investigation shall be cause for termination, without further hearing, of the privilege of bringing a motor vehicle onto the school premises. The administration may request a law enforcement officer to search a motor vehicle on school premises.
- Driving to school is a privilege that will be withdrawn if the student does not abide by the rules as outlined in this handbook. When the driving privilege has been withdrawn, the vehicle listed may not be driven onto the school premises by anyone other than the parent/guardian of that student.

The following are the consequences for driving violations. These consequences can be carried over to the subsequent school year.

<i>1st offense</i>	written warning
<i>2nd offense</i>	loss of driving privileges - 15 school days
<i>3rd offense</i>	loss of driving privileges - semester or school year
<i>4th offense</i>	loss of driving privileges - school year

These consequences can be carried over to the subsequent school year.

- Drivers who fail to stop for a properly displayed bus stop arm will be subject to legal action.

## **BUS PROCEDURES:**

Bus transportation is provided for the students. The corporation's Ride Guide, a booklet outlining various bus rules and procedures, is passed out to bus riders at the beginning of the school year. It is also available at the corporation's web page. Bus drivers will be able to answer any questions about your bus schedule. Students should display good citizenship at all times in a school-supervised situation, which includes the school bus. Upon recommendation of the bus driver, school officials have the authority to deny riding privileges to students who do not conduct themselves in a civilized manner. In case the bus is late arriving to school, students should report to the office.

## **RULES FOR STUDENTS RIDING SCHOOL BUS:**

School bus drivers are to have control of all school children conveyed going and returning between the homes of the children and the school. The driver shall keep order, maintain discipline among the children while in the bus or along the route, shall treat all the children in a civil manner, see that no child is imposed upon or mistreated while in his/her charge, and shall use every care for the safety of the children under his charge. School bus drivers shall assure that all pupil passengers observe the following regulations.

- Each student shall be located immediately upon entering the bus in the place assigned by the driver.
- No student shall stand or move from place to place during the trip.
- Loud, boisterous, or profane language, or indecent conduct shall not be tolerated.
- Students shall not be allowed to tease, scuffle, trip, hold, hit, or use their hands or feet or body in any other objectionable manner.
- No windows or doors will be opened or closed except by permission of the driver.
- No student should enter or leave the bus until it has come to a full stop and the driver has opened the door.
- The child should be waiting at their boarding station when the school bus arrives. In case of an emergency causing late arrival by the pupil at their station, the school bus driver will be required to wait no longer than three minutes after the scheduled time for arrival at the boarding station.

If the school bus driver is already three minutes late, he need not wait at all.

- Upon notification of the parent, the bus driver may suspend a student from riding the bus for one day.
- Upon recommendation of the bus driver, school authorities may deny the privilege of riding on the bus to any student who refuses to conduct himself or herself in a gentlemanly or lady-like manner on the bus.

### **BICYCLES, MOPEDS, SKATEBOARDS, AND SCOOTERS**

The school is not responsible for the safety associated with or the safekeeping of bicycles, mopeds, skateboards, or scooters. Students that ride mopeds or scooters must have a permit. Students that ride bicycles to school must park them in the racks provided. Mopeds or scooters must be parked beside the bicycle racks in an orderly fashion. Skateboards are not to be ridden in the building and must be stored in the student's locker. Students who demonstrate disregard for the law and use unsafe riding methods may be asked not to ride any of the above items to school.
