Textbook Adoption 2021  
Social Studies

It was determined Tipton Elementary School would adopt new Social Studies textbooks. The third, fourth, and fifth grade teacher representatives attended Textbook Caravan in January. From the Caravan, they asked two textbook vendors to send materials. Each of the grade levels perused their materials. After discussion amongst their grade level, they came together to make a recommendation for Savvas myWorld Social Studies textbooks to be adopted.

The total cost for the adoption is \$34,541.03. This cost does include all digital components, as well as, 125 textbooks per grade level. The cost per student that will be 3rd: \$19.20, 4th: \$24.95, and 5th: \$24.95.

Please consider this recommendation.
