

Surplus Equipment

To: Tipton Community School Board

From: Steven Gingerich

Date: April, 2021

At the end of 2020-21 school year, we will have laptops that will become surplus equipment. Some of these computers will continue to be used as loaners, for spare parts, and to replace damaged or non-functioning laptops where needed.

Laptops that are currently assigned to senior students will be made available for purchase by those graduating students or other school staff.

As we have in the past, those that we no longer have a use for will be sold to an Apple Reseller,

Senior Laptops: 122 Macbook Air

5th Grade Laptops: 100 Macbook Air

Loaner Devices: 30
