Good morning,

I received a check from Duke Energy to purchase a new wrestling mat for the middle school. The check was for \$2500, so I know it needs to be board approved. Below is a statement for the board in regard to the donation.

"I reached out to Duke Energy, and their community support division to request funds for the purchase of a new wrestling mat at the middle school. Although Duke Energy is not a direct supplier of Tipton residents, they are actively promoting projects in many communities and were excited to help Tipton Middle School. This week, I received a check in the amount of \$2500 for the purchase of the new mat. My plan is to recognize Duke Energy on programs and newsletters going forward that deal with the athletic department."

Please let me know if I need anything else.
