State Reports

I will continue to monitor state reports to keep buildings informed and to assist where needed. I have uploaded the signed document for the special education report. I have received information from Harmony concerning the uploading of data into Data Exchange for the state attendance and calendar reports. I have run uploads for secretaries to review and correct. The calendar report has loaded successfully with very little problem. The attendance report has been difficult to load with various problems occurring mainly with the state and the functioning of Data Exchange. I have assisted the middle school with the CP and CC report. I have completed and uploaded the CP and CC report for the elementary. I have corrected and re-uploaded the AD report for the high school. I have uploaded the EV data information received from KASEC.

Special Education

Miss Dunham sends me information regularly to keep me informed of any issues. I continue to receive information and updates from KASEC and attend coordinator meetings. I assist with case conferences as needed. I will assist with completing and submitting exit forms for special education graduates to KASEC.

English Learners

Miss Dunham attended IDOE training and the Wabash Valley Education Center Title III consortium meeting.
