

TCSC Virtual Plan

2021-2022

Board Approved

TCSC Virtual

Tipton Community School Corporation is planning to open for the 2021-2022 school year with in-person classes. There will be a very limited virtual learning program for some students.

A student may be offered a virtual learning opportunity if that student can provide a note indicating a medical diagnosis from their medical provider that it is in the best interest of that student to not attend school in person for physical health reasons. Each individual request will be reviewed by our administration and nurses to determine the appropriate academic placement.

Students must have a reliable internet connection to participate in this program or may check-out a school owned Hot Spot. TCSC is partnering with EdOptions Academy and Edmentum, a completely accredited virtual school, to meet the needs of virtual students.

Guidance for placement within platforms:

Grades K-5 Using EdOptions

Program Definitions:

Grade Level: K-12

Hardware Needed: All TCSC virtual students will be provided an iPad (K-6) or MacBook (7-12). Students will check out these devices as any other TCSC student.

Eligibility: Students with a medical diagnosis from their medical provider that states virtual learning is in the best interest that the student cannot attend school in person for physical health reasons. Each individual request will be reviewed by our administration and nurses to determine the appropriate academic placement. Attendance in virtual learning the previous year will have a determining factor in placement.

Staffing: TCSC will provide a Digital Learning Coordinator to supervise all TCSC virtual platforms. Individual student schedules will be developed with the assistance of school counselors or assistant principals at TES, TMS, and THS. High school counselors will monitor credit needs to insure students remain on track for graduation.

Digital Learning Coordinator: TCSC will have one Digital Learning Coordinator assisting students in each building.

Enrollment: Registration must be completed by the first day of each semester.

Student Responsibilities: Must attend an orientation either in person or virtually specified by the Digital Learning Coordinator. Students are expected to work on their courses **off campus**. Students will need to be in person for all state and district level accountability assessments. Assessments for some high school courses may require in person, in school participation.
