Grants (High Ability, Title II, Title IV, Formative Assessment)

The High Ability Grant application has been approved. Still waiting on Title II and IV Grant applications.

Assessments

I am continually sending all schools updated information on ILEARN, I AM, IREAD3, ISTEP+10, WIDA, and ISPROUT.

NWEA mass testing has been completed.

High Ability

There is no new information. Teachers are completing supply orders from the 20-21 grant money that is left. It must be encumbered by September 30 and spent by December 15.

Social/Emotional

Clever is now loading from PowerSchool into Review360. It will soon be ready to use.

State Reports

I have been tracking the Membership Report data from PowerSchool and DataExchange. I have been working with PowerSchool personnel to correct conflicts, errors, exclusions, etc. The Membership Report is looking good for us. All students that should be counted are being counted. We signed off successfully on the Membership Report. I am now looking at the Pupil Enrollment Report with Karla Brown from PowerSchool.

Special Education

Miss Pointer sends me information regularly to keep me informed of any issues. I continue to receive information and updates from KASEC and attend coordinator meetings. I assist with case conferences as needed.

English Learners

No new information.

Transportation

The additional special education route to Damar is going well. The mother is very pleased with both the driver and aide. We consolidated Charlotte Baird's route. This required making adjustments to Tammy Smith's, Kevin Wittkamper's, Jennifer Edwards's and Dixie Cessna's routes. After two days, all changes smoothed out.

Other Items

I continue to help with and answer questions concerning PowerSchool and other day-to-day school operations. I am working to address issues with PowerSchool concerning its communication with DataExchange and the various state reports that will be pulled directly from PowerSchool.
