

Technology Board Update

November 9, 2021

Steven Gingerich

- Wesley Leeper hired to fill THS Tech position left vacant by resignation of Mr. Tina earlier in the school year. Wesley has thus far demonstrated a solid work ethic.
- Beginning process of updating MacBooks to latest version of macOS 11.6 at High School for compatibility with ILearn testing software, as well as for better uniformity across the student Mac deployment.
- Worked with Roeing Corporation to begin running cable at the Elementary School for the E-Rate Category 2 project. Access point installation will continue as materials become available.
- Successfully supported November 3rd E-Learning for students and staff.
- Working with Mr. Jaworski to establish a Digital Resource Committee to help establish clear policies and guidelines for the adoption of secondary digital resources.
