

Technology Board Update
December 14, 2021
Steven Gingerich

- Completed renewal of Cisco Licensing.
 - Appropriate licenses installed as needed.
- Working with Roeing Corp. to schedule the next phase toward completion of the E-Rate category 2 Wireless Access Point project.
 - TES Wireless Controller installation tentatively scheduled during Christmas Break.
- Receiving quotes for iPad devices for 7th and 8th Grade teachers. Once ordered and delivered, the intent is to issue them as soon as possible so that they can begin familiarizing ahead of future iPad rollouts at the Middle School.
- Assessing quantity needs for 2021-22 1:1 student device purchases with the intent of establishing and projecting a sustainable rotation of student devices.
