Re: Outdated and surplus technology equipment, textbooks, AV equipment, and classroom furniture

Over the past several years Tipton Community School Corporation has accumulated a significant amount of surplus technology equipment, textbooks, AV equipment, and classroom furniture. This equipment is either outdated or broken beyond reasonable cost of repair.

I am requesting the board declare this equipment as surplus with no value. We can then sell it to a recycling company (after all hard drives have been cleaned for technology equipment) or dispose of it.

Summary of surplus equipment:

101	iMac computers
25	projectors
8	printers
100	monitors
150	student desks
25	computer workstation desks
8	filing cabinets
60	AV equipment (including TV's, VCR, overhead projectors, and projectors)
	Miscellaneous VHS Tapes
	Miscellaneous books/textbooks

Thank you for your consideration of this request.
