

A Message from your Student Nutrition team!

25- 26 SY has come to a close, and our staff prepare for a well-earned respite from the daily grind. We have the kitchen cleaned and closed, and are preparing the software, orders, menus, schedules, and various other items for the coming year.

BOARD BRIEF

July 2026

Menu Item Highlight

Shown to the left: Popcorn Chicken Lo Mein with Fruit Cocktail, Steamed Broccoli, and Baby Carrots.

Summer Update

We closed the summer school feeding session and averaged 24 students per day that joined us for breakfast and lunch meals. I believe there were 35 in total enrolled (the number changed a few times, so I cannot be positive of this).

News to Know

The eTrition Rollover for the year has been completed, and we are waiting on the DOE to enable the first round of Direct Certification pulls so we can process them and then begin accepting applications for Free and Reduced Meals.

Staffing and Equipment

We have an open position in the HS that is already in the process of being filled, and we have 2 open positions in the MS/ES Kitchen that we are working through candidates currently to fill.

We continue to search for people willing to fill our open substitute positions.

Repairs have been completed for outstanding equipment items from the prior report.
