A Message from your Student Nutrition team!

We are continuing to strive for meal growth and work toward controlling our food cost and labor by leveraging our digital-based assets for insights into areas with potential for improvement. We are pleased that our adjustments to the labor schedule, as well as our drive to meet our food cost budget, have been successful and we are seeing savings in both metric versus Prior Year.

TIPTON COMMUNITY SCHOOL CORPORATION

Donation Account

September

Total Negative Debt as of 10/31 - $6572.06
Number of Students with >$30.00 Debt – 89
Number of Students Assisted in October – 104
Donated Money Given Out in October - $3163.33
Total Number of Student in Debt as of 10/31 – 293
Donation Account Balance as of 11/1 - $4465.01

The outpouring of donations from the community each year is staggering, and uplifting. We are so proud of our community benefactors and all they give toward ensuring every student receives the assistance they need. THANK YOU!

Staffing and Equipment

We are considered “fully staffed” at this time.

We continue to search for people willing to fill our open substitute positions, as we have none.

Repairs have been completed for any outstanding equipment items from the prior report. We are working with Dan from maintenance on a system to monitor cooler/freezer temperatures.
